23rd May 2018

Dear Patient

You may have heard in the local press that Priory Avenue surgery is closing with effect from 30 June 2018 and that Balmore Park Surgery will be absorbing up to 3000 patients. I would like to reassure you that we have been making preparations for these additional patients by recruiting more staff and reviewing and updating our systems.

As an existing patient we do not wish you to be concerned about the care that you receive from Balmore Park Surgery. There may be some teething problems over the transition period and we hope that we can have your support and understanding during this time.

If you do have any concerns please contact Elliis McCarthy, Practice Manager and she will address these for you.

Yours sincerely

Dr Graham Paige
Senior Partner
